BUILDING BETTER SPACES FOR LITTLE LEARNERS

We're proud of the transformation of Boitumelo Day Care Centre, in Mothotlung. Through our ECD programme, we delivered a full infrastructure upgrade that includes purpose-built container classrooms, a kitchen, office, sickbay, child-friendly ablutions, shaded outdoor areas, and a secured perimeter. The project began with practitioner training and centre development support, with infrastructure as the natural next step.

The space now offers a safer, more functional, and conducive learning environment for children at the centre.

BRINGING HEALTHCARE TO COMMUNITIES

Our Mobile Health Clinic continues to play a vital role in expanding access to essential healthcare services, recently reaching nearly 2,000 community members across the Madibeng District-far exceeding the initial target of 300 individuals.

Over the course of one week, the mobile unit visited five schools and two community clinics, delivering a range of primary healthcare services, including health screenings,

eye tests, dental assessments, and health education sessions. Through this intervention, 62 individuals were referred for further hospital care, while 83 community members received prescription glasses, improving both their health and quality of life.

Access to quality healthcare remains a pressing need in many of our communities. Through initiatives like the Mobile Health Clinic, we are actively working to bridge this gap-bringing critical services directly to those who need them most.

FROM SCHOLARSHIP RECIPIENT TO HEALTHCARE PROFESSIONAL

Congratulations to Katlego Molaba, our Scholarship Programme recipient since 2022, who recently graduated with a Bachelor's degree in Occupational Therapy. He has since secured a full-time position as a Community Service Occupational Therapist at Brits Hospital.

Katlego now supports patients in regaining independence and improving their quality of life, contributing meaningfully to the healthcare sector and to his community. We celebrate Katlego on this significant achievement and look forward to the positive impact he will continue to make.
